Welcome

Searching for your next home doesn't have to be stressful

We all know how stressful looking for that next home can be. Where are the best communities? How much will it cost to "update" that used house to fit your style? What security do I have that the home is, and will remain, in good shape... that the air conditioner and the furnace won't "klunk out" on me? These are some GREAT questions. And Celebrity Homes has the answers.

Over the years, Celebrity Homes has made it a priority not only to make the search for "the next home" easy, but to assure you that your investment is covered with an award winning Warranty Department.

As the area's leading new Home builder, Celebrity Homes offers potential homeowners numerous options to choose from, beginning with stage-of-construction availability. If you are considering a move in six to nine months, you can choose from hundreds of quality homesites in some of the area's most sought after communities.

Need to move into your next home sooner? Celebrity Homes

often has hundreds of new homes available at different stages of construction. Allowing you the best of all worlds... Move in quickly, select YOUR custom selections, and move into a NEW HOME! Often, we have New Homes available in as little as 30 days!

As the area's only "Yes! It's All Included!" home builder, we have also made it easy in your selections of amenities, THEY'RE ALL INCLUDED! Quality homesites, quality GE appliances (including a new refrigerator), decorative light fixtures, 2" blinds, fireplace, finished basements (multi-level homes), simplified financing packages, even a new washer & dryer!

Customize your selections

It's your home, shouldn't the choices be yours?

While Celebrity Homes provides the design and space, it's up to you to make it yours.

Our new homeowners often tell us that one of the primary reasons they selected a new home was that they could choose their finishes upfront, unlike a used house where they may need to change wall colors, floor coverings and even cabinets and countertops after they move in.

Appliances

The process begins almost immediately at Celebrity Homes with the selection your appliances. With our quality GE Appliance Packages, you will be able to choose from multiple colors. And speaking of the kitchen, nothing customizes a space like countertops and cabinets in a kitchen. And the selections, oh the selections!

Fireplace

While each new Celebrity Home offers a fireplace, it is up to

you to choose how you want it finished. Ceramic or stone... the choice is yours.

Floor Coverings

One of the most exciting selection processes is floor coverings. The quality of carpet materials certainly has improved over the years, right down to the pad. Not only do they look good, they wear well! If you prefer hard floor surfaces, there are numerous choices for you to select from.

Meet with a Designer

If customizing your finishes is important to you, but you might need some help, we have you covered! Meet with our designers and they will assist you in everything from choosing the right floor and kitchen packages to what color to paint the walls.

We are often asked, “Why should I own a New Celebrity Home and not buy a used house?”

GREAT Question! Many of our Homeowners, at one time or another, considered a used house before deciding on a New Celebrity Home.

Here are some things to consider:

- Part of the excitement of a New Celebrity Home is that YOU get to customize the home finishes to YOUR liking... not the previous owners.
- Utilizing Celebrity Homes “FREE Loan Program” your out-of-pocket expenses are typically much less than a used house.
- Extended Home Builders Warranty gives you peace-of-mind knowing that you have the industry’s BEST warranty backing you and your New Home.
- New Celebrity Homes exclusively offers our “e2 SMART” Program. Basically, your New Celebrity Home is much more efficient than your typical used house.
- Higher quality construction methods and procedures.
- IT’S NEW.....AND IT’S YOURS!

There are truly many more benefits to owning a New Celebrity Home than listed above. Visit with a Celebrity Home Representative for additional details. And don’t forget, model homes are OPEN Daily, Noon to 6pm! Stop by and see why so many people are choosing a New Celebrity Home for their next home!

Tell Us Your Story!

Our Story: Ryan & Stephanie

“We love the kitchen and huge pantry!”

Ryan & Stephanie Brazell

Why did you decide it was time for a move?

We had been discussing moving into a larger house and, when the housing market was doing so well for sellers, decided the time was right to sell our home and make the move.

Did you consider a used house before choosing Celebrity Homes? What were your thoughts?

We did consider a used house before choosing to build, but quickly found that we could get more for our money if we built brand-new. We looked at used houses online and even went to look at one in person, but didn't feel that we were getting all that we wanted for the price. It was a huge seller's market.

Did you visit with other home builders? What were your thoughts?

Our realtor compiled a list of builders and lot prices that were in our budget. After looking through our options, we went to Celebrity Homes to meet with Don Igo. We spent a whole day walking through all the models and decided fairly quickly that The Bradley met most of our criteria for what we wanted in our new home.

Was your Celebrity Home Representative helpful during your search? What were your thoughts?

Don Igo came highly recommended from our

realtor and we liked him right away. He was very helpful and accommodating during the whole process, from start to finish.

What is your favorite feature(s) about your new home?

We love the kitchen and huge pantry! One feature that we like is that there is more than enough storage throughout the whole house. Celebrity Homes does a great job using all of the space possible within the home.

Why did you choose Celebrity Homes?

Our realtor recommended Celebrity Homes for the type of home we were looking for, but we ended up going with Celebrity Homes because we felt that we got the most square footage for the price (compared to other home builders).

Would you recommend Celebrity Homes to others?

YES! In fact, we have referred three other families to build with Celebrity Homes and work with Don Igo. As it turned out, my parents bought the house that shares a backyard with ours. Having walked thru the models with us during our building process, they really liked The Shelby model. It turned out that there was a Shelby being built right behind our house and it seemed like fate. We moved into our house, and my parents moved into theirs two months later. The domino effect continued and my brother and his wife bought and customized a Kendall in the neighborhood that is adjacent to ours.

Michelle A.
Hyda Hills, The Shelby

I had lived in my home for 12 years; this was the home my kids grew up in! I had the most amazing neighbors who became lifelong friends and our kids grew up together. So the thought of moving was not a fun idea to entertain.

One day I went to the model home just to ask questions. Kurt was there and he was so very helpful and friendly. He had me sold on Celebrity Homes from the moment I met him. He gave me no reason to look at other builders. I was a single mom about to embark on one of the scariest adventures of my life and Kurt was right by my side letting me know it was all going to be OK and that building a house from the ground up was not that scary.

After many visits and one million questions for Kurt I packed up my kids and went to look at some model homes. We had so much fun going to the model homes as a family we could just walk down the street in and out of houses. We had so much fun and it got me excited about the potential of building our own home. The kids and I all wrote down on a separate piece of paper which Home we wanted. We all showed our piece of paper and sure enough we all agreed on the Shelby! I was in shock the four of us all picked the same house. That is when I knew it was meant to be. Kurt was very good about letting us know what was happening with the building process. He let us get some sneak peaks inside to take pictures for our scrapbook.

My favorite features of the Shelby are the laundry off the master bath, the covered deck and just the openness of the floorplan. Our neighborhood is fantastic and all my neighbors are the most amazing people ever. I would highly recommend Celebrity Homes to others. It was a great experience and I knew my financial well-being and lifestyle were in safe hands. Even after we moved in, getting warrantee items done has been fast and efficient.

Thank you Celebrity for helping me achieve one of my biggest accomplishments and helping me step out of my comfort zone.
Y’all made it easy.
